

# QuickRinse QuickFix&Rinse

QuickRinse and QuickFix&Rinse are two first aid solutions meant for the small accidents at the location. The stations are easy to place close to the working place, and help is therefore close at hand.

## With QuickRinse you will get:

- 2 x 5 eye wash ampoules with 20 ml 0.9 % sterile sodium chloride
- Quick, easy and hygienic help for rinsing dust and dirt out of the eyes
- At least 3 years shelf life on unopened ampoules
- A compact station - ready and easy to mount on the wall

## With QuickFix&Rinse you will get:

- 45 pcs. breathable elastic plasters - hygienically packed individually
- 5 eye wash ampoules with 20 ml 0.9 % sterile sodium chloride
- Quick, easy and hygienic help for the small accidents
- A station that combines plasters and eye wash
- A compact station - ready and easy to mount on the wall

## The product is available in:
