

CombiPlum dispenser systems

CombiPlum is a dispenser system which is especially suited for areas with high hygiene standards. Our dispensers are easy to clean and the products are packed in airtight bags to avoid bacterial growth during use, also giving a minimal amount of waste. The system is economical, easy to use and refill.

Also available as electronic solutions which offer automatic dosing and hand-free operation making them the ideal choice for industries with extraordinary hygiene standards. CombiPlum is the optimal solution for a number of industries such as hospitals, the food industry, offices, public restrooms and childcare institutions i.a.
